HON®

Smart now. Smarter later.

The anywhere chair.

Pagoda has long been one of The HON Company's most popular seating choices because it goes just about anywhere – reception, training, hospitality, healthcare...it even works well as an office guest chair. Pagoda stacks too – even when specified with arms and casters. And a new counter-height stool raises Pagoda's versatility yet another level.

What's your style?

With hundreds of fabric options and your choice of either a black or titanium frame, Pagoda has the design flexibility to deliver just the look you want – casual, classy or anything in between. Want to go more formal? Set the tone with an optional wood back that's available in six veneer finishes.

As for comfort, Pagoda makes it a pleasure to settle in, whether used as short-term seating for guests who come and go, or over longer spells for folks who expect to stay awhile.

Now that's smart.

Pagoda is an office chameleon, blending in smartly just about anywhere – with comfort that's never in question. And because it's from The HON Company, you can sit easy, knowing that Pagoda looks as smart in your budget as it does in your office.
