Abound™

HON®

Smart now. Smarter later.

Streamlined. Solid. Flexible. Friendly.

Abound is a frame and tile system with a clean, modern look that complements any office environment. It's built to The HON Company's uncompromising quality standards. It offers a wide array of configuration, component and finish options to satisfy diverse functional needs and design strategies.

Most of all, Abound is user-friendly: It's easy to work with, easy to reconfigure, easy on the environment and easy on your wallet.

All of which makes it really easy to love.

We've gone the extra mile for a fresh new look.

Great Plains. Our exclusive Plains Tile helps you create a one-of-a-kind look for your office. The fluid organic pattern and refined coloration of the tile combine for a sophisticated aesthetic that is both versatile and timeless.

Abound: Fabric Tile in Twilight Creme, Plains Tile in Frost, SecureFit Tiles and trim in Muslin, and Whitestone laminate worksurfaces. Flagship® Side-Access Pedestal with "A" pull and Muslin finish. F3™ Work Chair and Guest Chair with Boom Aqueous upholstery and Black finish.

Look alive.

Abound brings a new sense of energy and vitality to the office. Straight lines and crisp edges produce a streamlined appearance that evokes an architectural presence. A range of material and finish options adds dimension and texture. The result is a visually rich environment that helps enhance user comfort, morale and productivity.

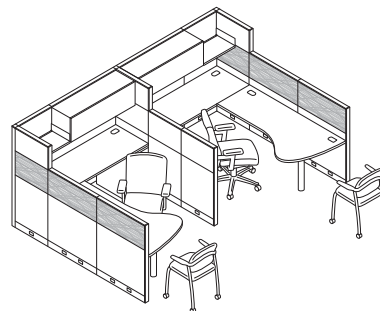

Nice Curves.

Curved worksurface shapes provide a pleasing visual counterpoint to the straight lines of Abound panels – and move users out of workstation corners to encourage impromptu collaboration.

Mix it Up.

You can combine different tile materials and textures to vary the visual landscape within a workstation and throughout an office. This visual variety helps stimulate creativity.

The right look for any space.

Cool-toned fabrics that complement high-tech offices. Wood laminates that dial up the warmth in private offices. Design details that convey a cozy residential feel or a buttoned-up business attitude. With these and countless other aesthetic options, Abound gives you the creative freedom to compose a unique look for every area of your company – while still maintaining a unified aesthetic.

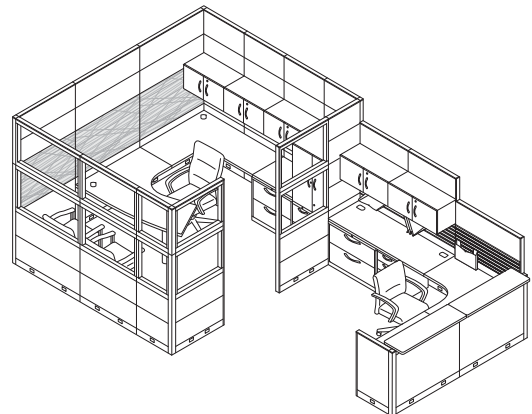

Precision Palette.

Finishes and colors combine harmoniously in the Abound palette, which is broad enough and well coordinated to let you easily achieve any look you want. This mix of woodgrain laminate, painted metal, glass and textiles conveys contemporary warmth.

Abound: Fabric Tiles in Glow Creme, Plains Tiles in Sunrise, Slotted Tool Tiles and trim in Champagne Metallic, and Columbian Walnut laminate worksurfaces. Flagship storage components with “A” pulls, Shaker Cherry laminate fronts and Muslin finish. Park Avenue Collection® Chair and Guest Chair with Boom Aqueous upholstery and Black finish.

A smart choice for the long run.

Solid as a Rock. Every aspect of the Abound system is engineered and manufactured to deliver a long and useful life. It will keep looking good and working well through years of reconfigurations and moves.

Around: Fabric Tiles in Lucy Cornsilk and Lucy Limeade, Bourbon Cherry laminate worksurfaces and Muslin finish. Flagship Pedestals and Mobile Pedestals with Boom Stout upholstery, "A" pulls and Muslin finish. F³ Work Chair with Impact Sprout upholstery, ilira®-stretch Sandstone back and Black finish.

Quality construction ensures a quality experience.

Abound is jam-packed with smart construction details that ensure long-lasting durability. You can count on Abound to look and perform just as well years down the line as it did on the first day. After all, it's backed by The HON Company's limited lifetime warranty – one of the best in the business.

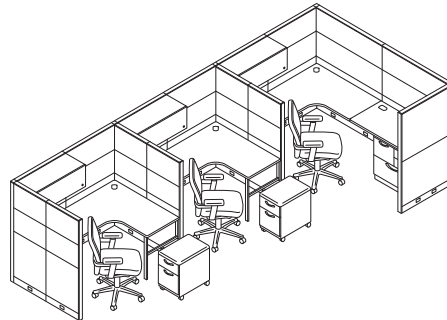

High standards.

Abound meets or exceeds all industry benchmarks, including UL Class A fire rating standards and BIFMA acoustic standards. In addition to excellent acoustical performance, tiles deliver superior longevity and tackability.

Raising ROI.

Overhead storage cabinets are factory assembled to boost structural integrity. Beveled panel trim, panel frames and panel-to-panel connections are all made of metal to ensure long life. Just a few more ways Abound maximizes your return on investment.

An Accommodating Investment.

You can easily switch out tiles to achieve different aesthetic and functional goals as your workplace evolves. Tiles are quickly attached, removed and reattached using factory-installed clips. They interlock to ensure consistent alignment. And they're non-dedicated: you can place them in interchangeable positions up and down a panel frame.

Form meets function meets fabulous.

Abound is proof positive that a furniture system can be both tough and elegant. Every component is designed and engineered for long-lasting performance. Components fit together with precision, delivering a finely tailored look from top to bottom. Brawn and beauty combine in one highly functional package that's easy to install, use and reconfigure.

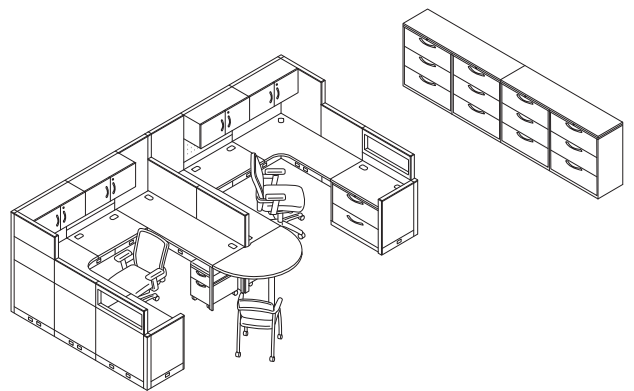

Power Up.

Abound makes it easy to integrate different levels of technology. Power and data outlets can be placed at the desktop as well as the panel base, enhancing flexibility and access. Lay-in capabilities in both the baserail and top channel expand cabling capacity and ease reconfiguration.

Abound: Fabric Tiles in Glow Stainless and Twilight Ethereal, SecureFit Tiles and trim in Platinum Metallic, and Shadow Zephyr laminate worksurfaces. Flagship Pedestal with Impact Relic upholstery, "A" pulls and custom Glitzy Gold finish. F³ Work Chair and Guest Chair with Division Chalice upholstery, ilira-stretch Slate back and Black finish.

Anywhere you want it, any way you want it.

Abound is flexible enough to adapt to most any need. It's a full line of furniture components that can be configured to support the full spectrum of workplace environments – team spaces, call centers, reception areas, private offices, you name it. It's also compatible with other furniture from The HON Company, including storage units and freestanding desks. Best of all, it's easy to reconfigure Abound as your needs evolve.

Budget Solutions.

Abound can meet most any budget, too. To lower project costs, select a single monolithic tile rather than a fully segmented look; choose a Grade II fabric; and/or use Brigade™ pedestals instead of Flagship storage.

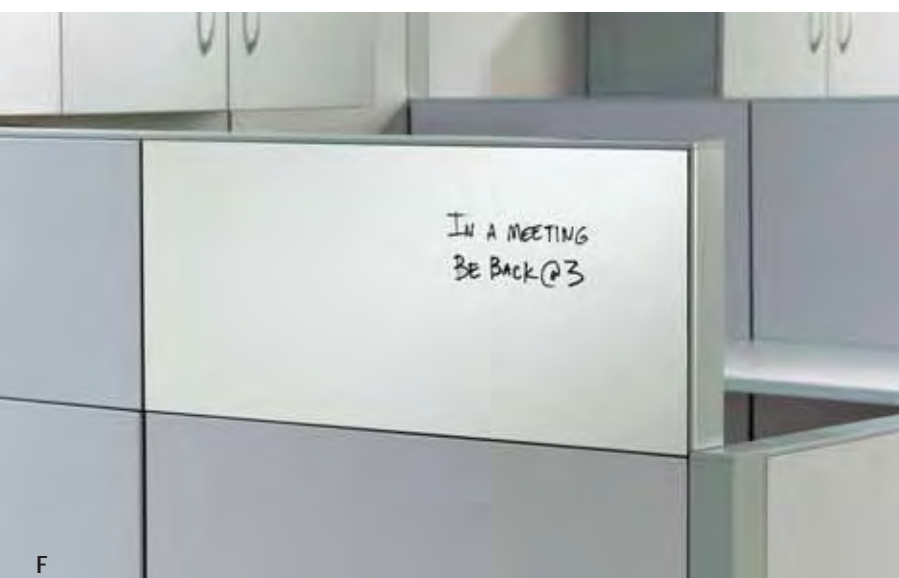

A gajillion ways to finish it off.

You can create an infinite variety of custom configurations using Abound. Different tiles support different functions – display, organization, information sharing and more. A wide range of standard tile materials and fabrics fit any design vision and budget. Panel trims and storage components are offered in eight core paints and two standard metallic paints. You can even bring in warm wood tones with the laminate fronts on Vicinity and Flagship storage components.

A

- A. **Fabric Tile** is tackable and acoustical
- B. **Clear Glass Tile** has a single pane
- C. **Frosted Glass Tile** has a single pane
- D. **Plains Tile** is a unique poly-resin in cool Frost (shown) or warm Sunrise
- E. **SecureFit Tile** uses the same accessories as Flagship® Side-Access Pedestals and Vicinity™ storage components
- F. **Markerboard Tile** facilitates information sharing
- G. **Slotted Tool Tile** shares paper management accessories with Initiate® system

It doesn't just look friendly. It acts friendly.

Easy Does It. Abound makes it easy to create even the most unique applications. Plus, X, L and T connections utilize a universal connector and top cap, so you don't have to inventory extra parts in order to reconfigure layouts.

About: Fabric Tiles in City Lights Snowdrop, SecureFit Tiles and trim in Greige, and Zephyr Shadow laminate worksurfaces. Flagship Side Access Pedestals and Mobile Pedestals with Axis Truffle upholstery, "A" pulls and Greige finish. Resolution® Executive and Guest Chairs with Medium Pistachio upholstery and Titanium finish.

All of the satisfaction, none of the hassles.

Abound continues The HON Company tradition of uncomplicated office furniture. Easy-to-use selection tools accelerate planning and ordering. Frame connections are simple and intuitive, expediting installation. Universal parts and stacking components make expansion and reconfiguration a breeze.

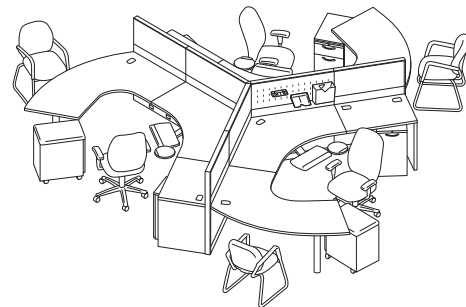

Share and Share Alike.

Our full portfolio of furniture is united by common aesthetics, so you can reuse and recombine components in new configurations rather than ordering all new products. The same organizational tools, for instance, are used for Abound SecureFit Tiles, Vicinity storage components and Flagship Side Access Pedestals.

One for All.

The HON Company offers you the convenience of a single source for all your furniture needs – systems, storage, seating and more. You also enjoy the peace of mind that comes with our limited lifetime warranty.

Good for your image. Good for your conscience.

Abound's aesthetics reflect beautifully on your company – and so does Abound's environmental performance. It's one of the first products to meet the BIFMA e3-2008 Furniture Sustainability Standard known as level™, which addresses all three aspects of sustainability: environmental, economic and social. Abound has also achieved SCS™ Indoor Advantage certification, a standard of indoor air quality, thanks to such features as a low-VOC water-based adhesive and low-formaldehyde worksurface backers.

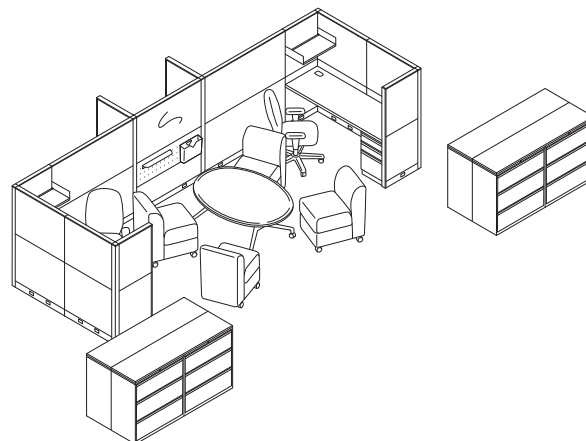

the BIFMA sustainability standard

Reduce, Reuse, Recycle.

Abound delivers different looks and functions simply by switching tiles rather than ordering new panels – in effect, recycling your existing panel frames and reducing the steel required to build new frames. We also reclaim and recycle excess paints, construct worksurfaces with 100% post-industrial recycled particleboard, and offer recycled and recyclable panel fabric options.

Abound: Fabric Tiles in Element Warm Beige and Twigs Buckeye, SecureFit Tiles and Lateral Files with "R" pulls and Carob finish. Unanimous® Mid-back Chairs and Perpetual® Lounge Chairs with Bound Chestnut upholstery and Black finish. Perpetual Coffee Table with Natural Maple Thermoform top and Titanium finish.

$$\frac{1}{a} \frac{27}{27} = \frac{1}{k} 89m$$

A company you can rely on.

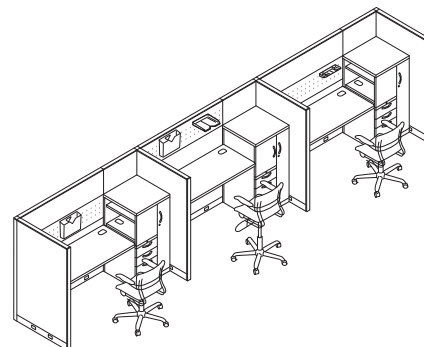

The HON Company has been serving the office furniture industry for more than six decades. We offer a single, reliable point of contact for all your furniture needs – ordering, delivery, installation, support and warranty. In addition to Abound, we offer a comprehensive selection of coordinating seating, storage, tables and more.

Hold Everything.

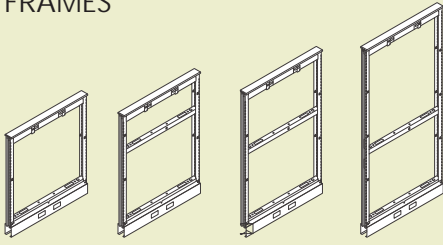

The HON Company offers a full range of storage components to complement your Abound workstations. Here, Flagship towers provide a variety of storage options in a compact space.

Abound: Fabric Tiles in Twilight Haze, SecureFit Tiles and trim in Muslin, and Bourbon Cherry laminate worksurfaces. Flagship Personal Storage Towers with "A" pulls and Champagne Metallic finish. Perpetual Chairs and Stool and with Medium Straw, Medium Pistachio and Medium Curry upholstery and Titanium finish.
