Simplicity® II

HON®

Smart now. Smarter later.

Life is complicated. Furniture shouldn't be.

Don't you have enough stress in your life? Then just say no to office furniture that demands too much of your time, attention and money. Say yes to Simplicity® II instead. Simplicity II panels, worksurfaces and storage components let you easily design flexible office space configurations. Just start with the basics, and add on as your work evolves and your office needs change.

Team Spirit. Multiple panel heights are available to promote different levels of collaboration. Panels: Element Millet fabric. Worksurface: Whitestone laminate. Shelves, Overheads, Pedestals and Support Legs: Champagne Metallic finish. Alaris™ seating: Overlap Flame upholstery.

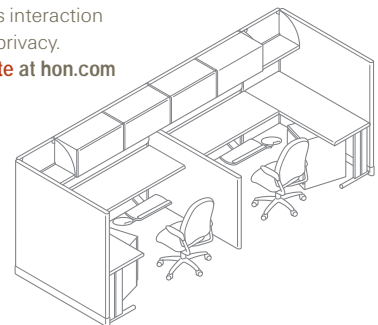

Details Online

For quick access to detailed specifications of the layouts in this brochure, enter the desired "Keyword" into the "Product Search" box at www.hon.com.

Keyword: Confidante

72"-high panels define space and support furniture components; a 48"- high panel facilitates interaction while enhancing seated privacy.

Enter Keyword **Confidante** at hon.com

Built to Please

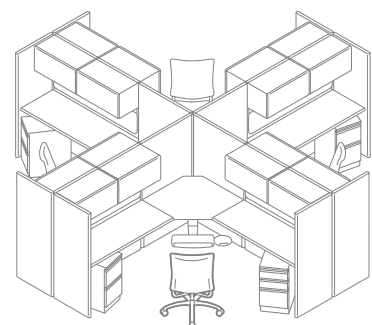

Simple and smart: Accessory brackets for hanging pictures. Pull-up receptacles or power/data domes for desktop electrical access. And unique connectors that ease assembly of panels in a variety of angles, including 135 degrees.

Four on the Floor. This cluster maximizes the use of both horizontal and vertical space. Panels: Tango Pecan fabric. Worksurface: Whitestone laminate. Overheads and Pedestals: Muslin finish. Alaris seating: Quadrille Jet upholstery with Resilience™ Black back.

Keyword: Quad

A space-efficient, storage-rich, worksurface-abundant way to accommodate four hard-working employees. Enter Keyword **Quad** at hon.com

Limit your spending, not your options.

Simplicity II is an economical furniture solution – it just doesn't act like one. The product line includes everything you need to create all sorts of office environments, from call centers to reception stations. New fabrics and finishes support a wider range of aesthetic visions, from classic to contemporary. And an eight-wire electrical system accommodates the full complement of office technology.

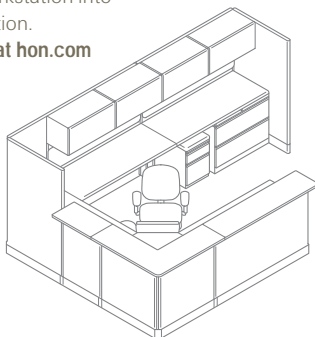

More Than Welcome

This attractive reception area is also a productive workspace. Panels: Element Parchment fabric. Worksurface: Shaker Cherry laminate. Overheads, Pedestal, Lateral File and Support Leg: Champagne Metallic finish. 7708 seating: Quadrille Lake upholstery.

Keyword: Hello

Countertops and 42"-high panels turn a full-featured workstation into a stylish reception station.

Enter Keyword **Hello** at hon.com

Nice Curves

Corner countertops and corner worksurfaces with radius edges use space effectively and attractively. Wood-look laminates increase eye appeal even further. Open bookshelves boast a contemporary arc design.

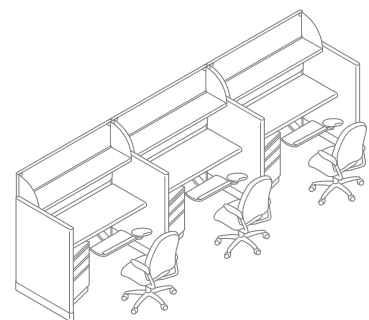

Close Call

Multiple workstations in a compact space provide an ideal call center solution. Panels: Element Warm Beige fabric. Worksurface: Natural Maple laminate. Shelves and Pedestals: Platinum Metallic finish. Alaris seating: Before Pepper upholstery.

Keyword: Phone Bank

65"-high panels provide structure and 53"-high panels divide space between three economical telemarketing stations.

Enter Keyword **Phone Bank** at hon.com

Divide and conquer your office space.

Simplicity II panels are a quick, affordable, attractive way to divide space and create privacy. You can position panels as freestanding screens or “wrap” them around furniture to create workstations. Acoustical properties help block sound between offices. Simplicity is a perfect complement to the full line of furniture available from The HON Company – desks, pedestals, lateral files, tables and much more.

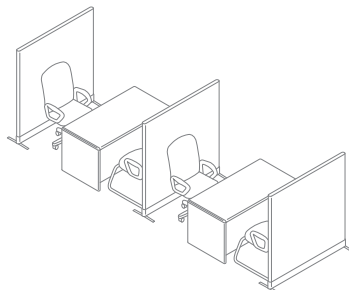

Keep It Private

Simplicity II panel screens complement freestanding furniture from The HON Company. Panels: Celestial Obelisk fabric. 10500 Desk: Mahogany laminate. Gamut® seating: Curfew Claret upholstery.

Keyword: Screens

Freestanding screens provide a visual and acoustic barrier between offices furnished with 10500 Series laminate desks.

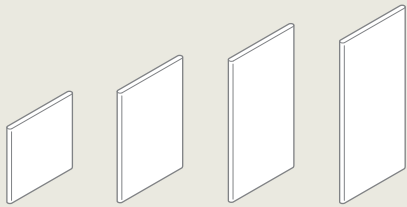

Enter Keyword **Screens** at hon.com

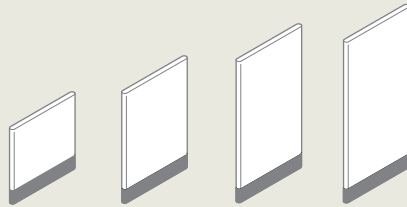

Simply Smart

(L-R) Support feet create freestanding screens. Overhead storage cabinets with doors keep materials close at hand but hidden from view. Tackboards offer plenty of display space and radiused worksurface edges provide comfortable, ergonomic support.
